

**Lesson**  
**15****Exercise 1: Fellowship**

Now that we have gone through several principles for effective Bible study, it is time to put those principles into practice. For the next five lessons, you will be asked to study various Bible subjects and to determine the truth on each of these subjects. You will also be presented with scenarios and questions that frequently come up with these subjects and will need to present the truth on each. Try to structure your answers in a way that would be understandable to someone you are studying with on the subject.

Read the article entitled “Fellowship” on the web site [www.biblequestions.org](http://www.biblequestions.org). You can find it by clicking on the letter “F” from the home page and scrolling down to the section labeled “Fellowship.” You will also find other articles in that section that can be used as a resource as well. Make sure to use your study aids to assist in answering these questions.
